Both parties mutually agree that their objective is for the good and welfare of the District and Local 17 members alike. Both parties further agree that in the interest of collective bargaining and harmonious relations they will at all times abide by the terms and conditions as hereinafter set forth and agreed upon. In consideration of these mutual covenants, the parties hereto agree as follows:

ARTICLE 1 - RECOGNITION

Section 1.1: The District recognizes Professional and Technical Employees, Local 17 as the exclusive bargaining representative for all regular full time and part time working in the collective bargaining unit certified by the Public Employment Relations Commission in Case No 15428-E-00-2568, and in a separately certified unit Case No. 15460-E-00-2578, all supervisory staff in those job classifications listed in Appendix A as they currently exist or as they may be amended during the life of this Agreement. Excluded from the bargaining unit are non-supervisory staff, casual and confidential employees, or employees otherwise excluded from membership by other sections of this agreement; not otherwise excluded as confidential or otherwise excluded from collective bargaining units under RCW 41.56, or otherwise excluded from membership by other sections of this agreement. Any subsequent exclusion is subject to mutual agreement. Disputes regarding recognition will be resolved by the Public Employment Relations Commission.

ARTICLE 2 - MANAGEMENT RIGHTS

Section 2.1: It is understood and agreed that the District possesses the sole right and authority to operate the affairs of the District and direct the employees of the District except as limited by the terms of this Agreement. The District's rights include, but are not limited to:

The Health District may decline to allow an employee to adopt a 4-10s schedule if such a schedule would interfere with effective functioning of the District. In such cases the Administrator will explain in writing the reasons for refusal, and such denial shall not be arbitrary or capricious.
- B. Vacation benefits shall be accrued and expended on an hourly basis.
- C. Sick leave benefits shall be accrued and expended on an hourly basis.

A Cost of Living Adjustment of 1% will be applied for 2018 and an additional Cost of Living Adjustment will be applied for 2019.

Section 7.2: **Step Progression.** Usually, new employees will start their employment at the first step of the salary range for their classification. However, a new employee may be employed at a higher step when the employee's experience, training or proven capability warrant, or when prevailing market conditions require a higher level. Such a variance should not exceed the mid level for the position without prior written approval from the Administrator.

Section 7.3: **Step Placement on Promotion.** If an employee is temporarily assigned to a new position with a higher salary range, the employee is entitled to the higher of:

Section 7.3.1: The first step of the range for the new position; or

Section 7.3.3: A new employee is usually eligible for a step increase upon successful completion of the employee's trial period.

Section 7.3.4: Step increases are contingent on satisfactory performance. If an employee's performance is consistently unsatisfactory, the supervisor may defer a scheduled step increase for a stipulated period of time or until the employee's job performance is satisfactory.

Section 7.3.5: Across the board pay adjustments do not change the date of an employee's eligibility for a regularly scheduled step increase.

Section 7.4: **Bilingual Pay.** Employees who provide bilingual, interpreter and/or translation services to the District shall be compensated \$1.00 above their base rate.

Section 7.5: **Reimbursement for professional registrations.** The District agrees to reimburse the cost of annual licenses for those positions requiring a license not otherwise required to perform the job, such as Health Care Assistant or others as may be determined by the Administrator.

Employees will adhere to IRS rules as they pertain to Business Use of Privately Owned Vehicles. Also, see Article 15.

Section 7.7 **Cellular Phone Policy:** The District will reimburse employees for any additional costs created by work-related use of their personal cell phones. CDHD will not routinely purchase cell phones or related contracts for employees. Exceptions must be approved in advance by the Administrator and must be in the interest of the Health District.

Employees with personal cell phones must inform the District of their cell numbers, and must be available via their cell phone during working hours for work-related calls.

Most personal cell phone service plans provide some "free" minutes that are included in the monthly fee. If an employee has a plan that charges by the minute, or if an employee exceeds the "free" minutes in a particular month, the employee may submit a copy of the bill showing which calls are work-related, and claim reimbursement for any work-related costs. Any "free" minutes the employee is paying for as a part of a service plan belong to the employee, and any excess caused by CDHD minutes would be reimbursed. In circumstances where CDHD calls cause no additional cost, there is no need for reimbursement.

Section 7.8: **Compensatory Time on Weekends and Holidays:** When an exempt employee works on a weekend, compensatory time or rescheduled time is earned at a time-and-a-half rate. On holidays such work is earned at a double-time rate. Such work must be approved in advance by the employee's supervisor.

For part time employees, vacation will be prorated in the basis of their FTE, such that a person working 0.6FTE (24 hours a week) would earn 60% of the vacation leave each month that would be earned by an otherwise similar full time employee. Annual leave earned by full-time employees is set forth in the following chart and shall be credited at the end of the month.

Employees covered by this agreement shall be allowed up to three (3) days off with pay, not chargeable to the employee's sick leave account, for bereavement purposes in the event of the death of an immediate family member as defined in Section 9.2.4. Additional leave may be authorized by the supervisor for special needs up to one (1) additional week, which may be used from the sick leave account of the employee. In instances where distance is an issue one (1) additional week from the employee's vacation account may be approved by the supervisor.

Section 9.2.4: **Immediate Family:** An employee's immediate family includes the employee's spouse, children (including step and foster children), parents, brother or sister, grandparents, grandchildren, mother or father-in-law, son or daughter-in-law.

Section 14.3.2: Requests for reimbursement, including receipts, should be submitted on an expense report form signed by the employee and the employee's supervisor.

Section 14.3.3: Employees who are involved in an accident while traveling on business must promptly report the incident to their immediate supervisor. Vehicles owned, leased or rented by the Health District may not be used for personal use without prior approval.

Section 14.3.4: Falsifying expense reports to reflect costs not incurred by the employee is grounds for disciplinary action, including termination.

Section 14.4: Guidance for meals will be based on the current Washington state per diem rates for the area in which the meals are eaten. Tips will be reimbursed up to a maximum of 15% for an individual meal and 18% for group meals.

Section 14.5: **Travel.** Travel expenses are incurred when an employee must travel away from Health District offices to conduct Health District business. The employee's supervisor must authorize travel and review travel claims upon the employee's return. Actual costs of air travel, bus travel, ferry rides, taxi, limousine, parking or train travel in connection with District business is usually reimbursable. Receipts are expected as a condition of reimbursement.

Section 14.6: Use of Health District Vehicles for Travel.

Section 14.6.1: Use of a Health District vehicle is the most cost effective method of travel. Thus, Health District vehicles should be used for any Health District business that requires driving.

Section 14.6.2: If a Health District vehicle is unavailable, employees who have received prior permission from their supervisor to use a personally owned vehicle for Health District business may be reimbursed at the current IRS rate for business travel.

Section 14.6.3: If a District vehicle is available, or multiple personnel are traveling to the same general location, or a location that is en route to a final destination, and a Health District vehicle is being used to provide transportation to one of the locations, then all personnel traveling to that general area should ride in the Health District vehicle. In any case, where a Health District vehicle is available and the employee chooses their private vehicle, with pre-approval from their supervisor, the Health District may reimburse the employee at one-half (1/2) the current IRS rate for business travel.

Section 14.6.4: The Health District will reimburse travel mileage out of the District from East Wenatchee or the employee's residence, whichever is less. Mileage will be determined by applicable mileage

charts. Example: 1) A person living in Cashmere must travel to Seattle on Health District business. They would claim mileage from Cashmere to Seattle and Seattle to Cashmere. Mileage around Seattle will be claimed on a separate accounting line on the Expense Claim. 2) The same person living in Cashmere must travel to Spokane on Health District business. They would claim mileage from East Wenatchee (place of work) to Spokane and Spokane to East Wenatchee. The mileage from Cashmere to East Wenatchee and return is considered commuting to and from place of work and is not reimbursable.

Section 14.7: **Travel Within the District.**

Section 14.7.1: Use of private vehicles to conduct Health District business within the boundaries of the Health District must be approved in advance by the employee's supervisor. Where possible, consideration should be given to use of District vehicles, especially for non-regular trips.

Section 14.7.2: Normally, travel from home to place of work is not a reimbursable expense. On occasion, when an employee has an early morning or late afternoon appointment, reimbursement may be made, subject to approval by the employee's supervisor. Example: 1) An employee lives in Cashmere and has scheduled a home visit in Sunnyslope. The supervisor may allow use of a private vehicle to conduct business.

Section 14.8: **Lodging.** Reasonable expenses for overnight lodging are usually reimbursable by the District, provided a proper receipt or invoice is submitted with the expense voucher. If more than one employee occupies the same room, the District will reimburse each employee proportionately. If one employee paid for the entire room, both employees should sign the receipt. If an employee and his/her spouse occupy a room, the District will reimburse the employee only for the amount of the room at the single rate.

Section 14.9: **Out of State Travel.** Out of state travel must be authorized by the employee's supervisor and the Administrator or his/her designee.

Section 14.10: **Expense Claims.** Expense claims should be turned in as soon as practicable after completion of travel. If a Health District Credit Card was used, an expense claim with VISA in the CLAIMANT line will accompany any personal expense claims. Employees should not save travel miles and then turn in one big claim. Expenses need to be divided among the District's programs. Program managers must be able to track expenses monthly; therefore, expense claims should be submitted for reimbursement on a monthly basis. End-of-year claims must be in by the cut-off date announced by the Chelan County Auditor's Office, or they may not be honored.

ARTICLE 15 – EQUAL EMPLOYMENT OPPORTUNITY

Section 15.1: The District and Union agree that they will not discriminate against any employee by reason of race, color, age, sex, marital status, sexual orientation, creed, religion, ancestry, or national origin; or the presence of any sensory, mental or physical disability, unless based on a bona fide occupational qualification reasonably necessary to the normal operation of the District.

ARTICLE 16 - CONFERENCE COMMITTEE

Section 16.1: A joint labor/management committee shall be established composed of the five (5) stewards and representatives of the District to meet on a mutually agreeable basis to discuss issues of concern. Either party may initiate the scheduling of a meeting with five (5) days notice and a proposed agenda.

ARTICLE 17 - DISCIPLINARY ACTION

Section 17.1: Employees may be disciplined or discharged only for just cause.

Section 17.2: **Union Representation.** Employees shall have the right of Local 17 representation in any meeting regarding the discussion of possible discharge, suspension without pay, demotion, set back to a lower step within their salary range, or other disciplinary action. If an employee desires Local 17 representation, said employee shall be provided reasonable time to arrange Local 17 representation. Such representation may include a steward or union business representative as is appropriate and timely to the situation. Prior to such a meeting, the supervisor involved shall notify the employee of the employee's right to such representation.

Section 17.3: Any performance standards used to measure performance of employees shall be fair, just, reasonable, and uniformly applied throughout the District.

ARTICLE 18 - GRIEVANCE PROCEDURE

Section 18.1: A grievance shall be defined as a question concerning the application of this agreement. The parties mutually agree to attempt to resolve grievances at the lowest level and encourage open sharing of information prior to entering a formal grievance. If a grievance does not resolve at the initial, informal stage the following step process shall apply. The following timelines may be adjusted by mutual agreement. In order to expedite the process the parties may agree to enter a grievance at the Step at which the named decision-maker has the authority to adjust the grievance.

Step 1. The grievance shall be submitted in writing to the first level supervisor within ten (10) working days of the event or knowledge of occurrence giving rise to the grievance. The supervisor shall have ten (10) working days to arrange to meet with the employee and representative and respond.

Step 2. If the grievance does not resolve at Step 1, a copy of the grievance shall be submitted to the Associate Administrator within ten (10) working days of the response at Step 1. The Associate Administrator shall have ten (10) working days to arrange to meet the employee and representative and respond.

Step 3. If the grievance does not resolve at Step 2, a copy of the grievance shall be submitted to the District's Administrator within ten (10) working days of the response at Step 2. The District's Administrator shall have fifteen (15) working days to arrange to meet with the employee and representative and respond.

Step 4. Mediation - Arbitration. A grievance not resolved at Step 3 must be submitted to arbitration, mediation, withdrawn or resolved within 20 working days. Grievances may be forwarded to mediation at any stage of the grievance process by mutual agreement of the parties to assist in settlement.

Mediation. If mutually agreed the parties shall agree on a mediator in an attempt to resolve the grievance. The mediator shall have no authority to resolve the grievance except by agreement of Local 17 and the District. In the event the grievance is not resolved, evidence or concessions agreed to or offered by the opposing party during mediation shall not be admissible at the subsequent hearing, unless such admission is agreed to by both parties. If mediation does not result in settlement, Local 17 will notify the District of its intent to proceed to arbitration

Arbitration. Upon request of either party, Local 17 and the District will mutually select an arbitrator. The arbitrator shall have no power to change, alter, detract from, or add to the

provisions of this Agreement, but shall have the power only to apply and interpret the provisions of this Agreement in reaching a decision. The arbitrator's fees and expenses and any court reporter's fee and expense shall be borne equally by both parties. The decision of the arbitrator shall be final and binding.

ARTICLE 19 - LAYOFF AND RECALL

Section 19.1: The Administrator may lay off employees whenever such action is made necessary by reason of shortage of work, budget adjustments, or as directed by the Board of Health.

Section 19.2: The District shall give thirty (30) days notice to designated employees during which time the employee and Local 17 may suggest alternatives to the layoff action.

Section 19.3: In determining who is laid off, consideration should be given to seniority (date of hire), individual performance and the qualifications required for remaining jobs. Seniority will be the deciding factor in the absence of performance and qualification factors that override seniority. In cases where seniority is not the deciding factor, management will document the performance and qualifications factors involved.

Section 19.4: No new employee shall be hired by the District into the same job classifications that have been held by employees on layoff until all available laid off employees who held such job classifications have been offered reemployment, provided the layoff period does not exceed twelve (12) months, and the affected employees keep the District advised of their current addresses. An offer of reemployment into the employee's previous job classification shall be made in writing and sent by registered or certified mail to the employee. An employee so notified must indicate acceptance of said reemployment within five (5) working days of receipt of such notice, and shall be back on the job within fourteen (14) calendar days of acceptance of the offer, or forfeit all callback rights under this Article.

Section 19.5: Employees recalled from layoff shall not lose previously accumulated seniority or time in service, accrued general leave or sick leave.

ARTICLE 20 - HIRING, PROMOTIONS, AND TRANSFER PROCEDURES

Section 20.1: Whenever it is necessary to fill position vacancies, the following procedures shall be followed:

Section 20.1.1: The Health District encourages current employees to apply for vacant positions for which they are qualified. Promotions and transfers are based on the supervisor's recommendation, work force requirements, performance evaluations, job descriptions and related requirements. For two equally qualified candidates (one internal and one external) preference would be given to the internal candidate.

Section 20.1.2: Posting Procedure:

a. Prior to positions in the bargaining unit being advertised on the outside; a description of the vacancy shall be posted a minimum of five (5) working days in a place conspicuous to employees in the bargaining unit on each floor.

b. Such description shall have additional information describing the position and the desired qualifications for it, the union affiliation and requirements, for the information of the applicants.

c. A separate application must be made for each position and submitted to the appropriate Associate Administrator.

d. An employee who is on paid leave during the posting period shall be permitted to make application within three (3) days after returning to work, unless the position has already been filled.

e. For two equally qualified candidates, one internal and one external, preference will be given to the internal candidate.

f. In the case of two equally qualified internal candidates, the candidate with the most seniority shall be selected.

Section 20.1.3: An employee temporarily assigned to a higher position will be paid in the same manner as if promoted to that position. Should the employee be subsequently promoted to the position, the time previously served in the position will be considered part of the employee's probation period in the new position.

Section 20.1.4: A newly promoted/transferred employee is required to demonstrate suitability for the position through actual work performance and will be evaluated at six (6) and twelve (12) months.

Section 20.1.5: Employees who are rehired by the Health District within one year of termination may be granted longevity credit following successful completion of the probation period.

Section 20.1.6: Employees rehired after one year lose any previously accrued longevity and establish a new hire and anniversary date.

Section 20.1.7: Upon mutual agreement, an employee may be returned to a previously held classification which may result in the employee receiving a lower wage rate.

ARTICLE 21 - PROBATION PERIOD

Section 21.1: All newly hired employees or former employees who have been rehired enter a probationary period which is considered an integral part of the selection and evaluation process. During the probationary period an employee is required to demonstrate suitability for the position through actual work performance.

Section 21.2: The normal probationary period is six months from the employee's date of hire or rehire. However, longer periods may be established for positions requiring technical, professional, specialized, unusual or unique skills or qualifications.

Section 21.3: An employee's probationary period may be extended for up to an additional six months (when needed due to circumstances such as extended illness or a need to continue to evaluate marginal performance) to properly evaluate the employee's performance. The probationary period will not be shortened for any reason.

Section 21.4: New employees starting on or before the fifteenth day of the month begin earning vacation and sick leave effective the first day of the month in which they begin. Those starting after the 15th begin earning vacation and sick leave effective the first of the following month.

Section 21.5: During the probationary period, or any extension of the probationary period, an employee may be terminated at any time with or without cause.

Section 21.6: When a supervisor determines an employee has satisfactorily completed the probationary period, the employee may be converted to regular employment status.

ARTICLE 22 - HEALTH AND SAFETY

Section 22.1: The Health District endeavors to use reasonable efforts to provide a safe working environment, which protects employees and the public from injury. Every employee is responsible for maintaining a safe work environment and following the Health District's safety rules. Each employee is expected to promptly report all unsafe or potentially hazardous conditions to his/her supervisor. The Health District will endeavor to remedy problems as quickly as possible.

Section 22.2: Employees should exercise caution in the performance of duties and shall follow and adhere to published safety regulations and controls. If a Health District vehicle or mobile equipment is involved in an accident, the employee's supervisor should be promptly notified, and an accident report form should be completed.

Section 22.3: In case of an accident involving a personal injury, regardless of how serious, employees need to immediately notify their supervisor.

Section 22.4: The District agrees to provide reasonable and appropriate safety equipment and protective gear required for performance of certain jobs.

ARTICLE 23 - ENTIRE AGREEMENT

Section 23.1: The agreement expressed herein constitutes the entire agreement between Local 17 and the District, and no agreement whether oral or in writing, nor any representation heretofore or hereafter made by either party to this Agreement, shall add to, delete from, or supersede any of its provision, unless made in writing and executed by the parties hereto as a supplement of this Agreement.

ARTICLE 24 - SAVINGS CLAUSE

Section 24.1: If any provision of this Agreement is subsequently declared by legislative or judicial authority to be unlawful, unenforceable, or not in accordance with the applicable statutes of the United States of America or the State of Washington, all other provisions of this Agreement shall remain in full force and effect for the duration of this Agreement and the parties shall meet as soon as possible to agree on a substitute provision.

Section 24.2: The District agrees to maintain working conditions except as modified by this agreement for the duration of the contract unless as mutually agreed by the parties otherwise.

ARTICLE 25 - SUBORDINATION OF THE AGREEMENT

Section 25.1: It is understood that the parties hereto and the employees of the District are governed by the provisions of applicable federal and state law. When any provisions thereof are in conflict with the provisions of this Agreement, the provisions of said federal or state law are paramount and shall prevail.

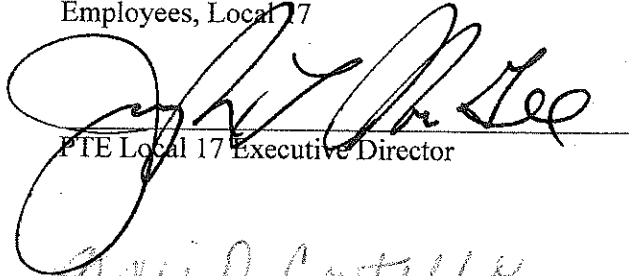

ARTICLE 26 - EFFECTIVE DATE AND DURATION OF THIS AGREEMENT
